June 27, 2011 – August 26, 2011

North Brunswick High School, 1 Raider Road, North Brunswick, NJ 08902

NEW THIS SUMMER!

HINDI LESSONS EVERYDAY – Learn Hindi during the first half hour of each session

BOOK CLUB: Read Indian literary works, fiction and non-fiction on site; win prizes every week

SHLOKA CLASSES AND MORE: Offered only during Before-Care and After-Care Sessions

WEEK	MORNING SESSION: 8:30 a.m. – 12:15 p.m.	AFTERNOON SESSION: 1:15 p.m. – 5 p.m.
Week 1 June 27–July 1	Tropical Jungle Fun! (Social Studies Workshop) Join this adventure workshop to learn about the tropical jungles of India. Youth will create their own jungle guide book; fun craft projects and make a memorable mural of their week in the jungles of India. Hurry, for the fun in the jungle is about to begin!	Hot Summers, Cool Food! In this workshop youth will learn to make some cool Indian foods to enjoy the hot summer afternoons - cool drinks, milkshakes, fruity delights, tangy “chaat”, colorful salads and more! Cook using these “hot” new Indian recipes to give your friends and family a “cool” fourth of July surprise!
Week 2* July 5 –July 8	Speak to cast a Spell! (Public Speaking) Share your interests about India with your friends as you learn to research your topic, prepare a poster and master presentation skills. Join this workshop to learn the tricks of the trade and dazzle your audience without using magic spells. Now you won’t need a magic wand to hold your audience captive!	Exquisite Fabric Art (Arts and Crafts) Be inspired by the famous tapestries, carpets and wall hangings from India to create your own unique design. India is well known for its craftsmanship and in this workshop youth will learn to create an exquisite wall hanging using special fabrics, beautiful decorations and laces from India.
Week 3 July 11–July 15	Dance - a - thon! (Dance Workshop) Learn cool Bollywood dance styles and perfect your moves as you enjoy a week full of excitement and fun participating in the dance - a - thon. Create costumes, choreograph, and make cool backdrops - yes, you will be super busy putting together a mini-Bollywood style production. So, are you ready for the challenge?	Race to the Top! (Math and Science Workshop) Did you know auto industry giants are in a race to develop the smallest, most affordable cars in India? Be part of this exciting future and learn to think like an automotive engineer. Youth will work in teams with specific materials provided to create an automobile. Team work, innovation and research are key to your success. So get your team together and join the race to the top!
Week 4 July 18–July 22	Spice of Life (Cooking Workshop) India has many unique cuisines from the north to the south, east to the west. See the magic of spices and find out how mom can whip up interesting food every time you eat at home! Get ready to spice up your life with good Indian food and if you have a recipe to share, bring it along!	Summer Sing Along! (Music) Join us this summer to learn some famous Indian songs and enjoy working on fun music projects with your friends. This workshop will use music as a way to explore India – her culture, history, values and traditions. Sing along with us this summer to have a musical time together!
Week 5 July 25–July 29	Writer’s Block! (Writing Workshop) A trip to the Indian store, a celebration at home, a conversation in school or a favorite movie can be inspirational for the memoirs youth create this week. In this workshop they will develop writing and vocabulary skills connecting them with India and their culture in a very personal way.	Acting 101! (Theater Workshop) In this workshop youth will learn about Indian classics and mythologies through the world of acting. They will develop individual acting skills by engaging in a variety of solo presentations, acts, and skits. So get ready to have some fun acting, directing and creating your own skits and more!
Week 6 Aug 1–Aug 5	Fun with Numbers (Math and Science) Indian scholars and mathematicians have been credited with many of the concepts used throughout the world like the zero, decimal system, and more. In this class you will explore interesting facts about numbers, learn some fun tricks, and discover the F-U-N in math!	Speechless! (Public Speaking) Youth will learn skills like elocution, recitation, voice projection, hand gestures and more to convey their topic of presentation clearly and effectively. Join this workshop and let EEl Coordinators help you develop your public speaking skills; it will surely leave your audience speechless!
Week 7 Aug 8–Aug 12	Growing Up Green! (Science Workshop) In this workshop you will learn about the tropical plants, flowers and vegetables of India. Youth will make their own terrarium, germinate a variety of seeds, grow herbs, and make beautiful pressed flower greeting cards. Join us this summer and you will find out how easy it is to be green!	Ancient Cities of India (Social Studies) Explore the ancient cultures of India from city planning to beautiful clay crafts. Find out how they planned the city of Mohen-jo-daro and built the harbor in Harappa. Learn to make toys and beads from clay and the famous seals used by the people of ancient India. You will enjoy this amazing walk through time with us!
Week 8 Aug 15–Aug 19	Stars on Stage! (Theater Workshop) In this workshop youth will learn to make plays from Indian folktales and popular children’s literature. Youth will enjoy writing dialogues, acting, making costume and creating props. Join this workshop to discover your talent. Don’t be shy for this is your chance to shine!	Writing to Express! (Writing) In this workshop youth will combine the skills of writing and photography to create a book. So get ready with a camera to capture images that reflect your culture, your world and more! Youth will then use these images as inspiration for writing prose, poetry, and more! So this summer let your lens be your muse!
Week 9 Aug 22–Aug 26	Indian Folk Art (Arts and Crafts) Learn about the many beautiful arts and crafts that come from the tribal communities of ancient and modern India. Join this workshop to spend your summer creating images from wood and stone, making wall hangings with natural materials, and using clay to make beautiful pottery and more!	Bhangra Beat! (Dance Workshop) The beat of the dhol and the energetic songs will make you want to perform this vigorous folk dance. Join this workshop to learn authentic Bhangra moves and even make a cool jacket and scarf to wear for your performance. Learn about the state of Punjab, its lively culture, art and more!
